

COMPANY PROFILE & REFERENCE LIST

We are a long established contracting company for the development in the field of steel industry, hot and cold rolling mill for long products, plates, wire rods, etc.

AMB is your "one stop solution" for your steel business. AMB can itself provide for complete solutions to fulfill the uprising market demand in term of technology.

Our engineering department is qualified from the feasibility study on the "green field" through the design of the solution from the starting material up to the final product mix desired.

We are qualified to manufacture "**made in Italy**" latest technology re-heating furnaces, mechanical and electrical equipment, automation level 1,2,3 and water treatment plants.

AMB is supplying successfully hot rolling mills solutions all over the world since 1977.

AMB is one of the Italian Companies of Engineering and Supply of plants with **more experience** in the field of rolling of steels and metals thanks to the experience accumulated in several plants all over the world. For over 40 years AMB has been engaged in a continuous process of updating to the rapid technological worldwide evolution succeeding, sometimes, to forestall the market's choices.

All the past experience helped us to increase the process know-how and enables AMB to offer the technical solutions for the best performance of the plant. AMB has always taken into account the technical informations coming from the field during the commissioning of the plants. Thanks to this, AMB was the first to introduce **innovative systems** for the process control of rolling mills, systems that are easily manageable by the Client personnel.

AMB has great expertise, knowledge and worldwide experience in engineering, supply and commissioning of equipment and automation solution for rolling mill for long product is offered to the steel producer through highly productive and state-of-the-art components.

THE ORGANIZATION

AMB

INTEGRATED SYSTEM FOR ROLLING MILLS

The following specification describes the AMB standard solution.

Adaptation to final plant equipment according to final process requirements has to be done after detailed meeting.

According with the rolling mill for long product experience of AMB process computer projects are realized by applying process and automation experience combined to the last generation design and programming technique.

The DIGIROLL system permits the visualization of graphic diagram, pie-chart, bar graph of plant status in real-time.

Also the historical trends are configurable and they permit to memorize the tendency of the variable, on event or on a programmable terms.

The function video-recorder permits to display and print the records of the wished variable of the process (speed, current power, loop, etc.). This function is very useful for the diagnosis and resolution of occasional phenomena.

2013	GEMCO CONTROLS		Automation for Complete bar mill	India
2014	CARTIERA DI NAVE		Engineering, Electrical equipment and automation	Italy
2014	MADDI STEEL PROJECT	Bar Mill	Electrical equipment for rolling mill plant 60ton per hour	Egypt
2014	CORINCA	Bar Mill	Upgrade of rebar rolling mill	Salvador
2014	AL-ITTEFAQ	Bar Mill	Electrical equipment for rolling mill plant	Saudi Arabia
2014	ELETTROMULTISERVICE		Electrical equipment for generator	Italy
2014	GEMCO CONTROLS		Control and Automation for Rebar Mill	India
2014	AL-ITTEFAQ	Bar Mill	Magnetic brakes and electrical equipment	Jeddah
2014	DOLOMITE FRANCHI		Equipment for optical separator	Italy
2014	GEMCO CONTROLS		Control and Automation for Rebar Mill	India
2014	MARCEGAGLIA S.GIORGIO		Engineering for leveller mechanical	Italy
2015	MUGHAL STEEL	Bar Mill	Electrical equipment for bar mill	Pakistan
2015	ALI GOODARZ	Bar Mill	Mechanical, Electrical equipment and automation for wire rod line	Iran
2015	VIDEO SYSTEM		Mechanical Equipment for bar mill – bar counting area	Italy
2015	PETRA STEEL	Rolling mill plant for bars	Mechanical and Electrical equipment bar mill revamping	Jordan
2015	MUGHAL STEEL	Bar Mill	Software upgrade for bar mill and section mill	Pakistan

YEAR	CUSTOMER	PROCESS	SUPPLY	COUNTRY
2015	MADHAV	Bar Mill	Control and Automation for Rebar Mill	India
2015	FERROSIDER		Electrical revamping for bar mill	Italy
2016	AL-ITTEFAQ	Bar Mill	Equipment for laying head rolling mill in Dammam	Saudi Arabia
2016	AL-ITTEFAQ	Bar Mill	Mechanical and electrical crank shear 105 ton	Saudi Arabia
2016	GEMCO CONTROL		Control and Automation for Rebar Mill	India
2016	AL-ITTEFAQ	Bar Mill	Electrical equipment for shears and stands for rolling mill in Jeddah	Saudi Arabia
2016	PETRA STEEL	Rolling mill plant for bars	Electrical equipment for stands for rolling mill plant	Jordan
2016	ALIGOODARZ	Bar Mill	SVG and power distribution for wire rod mill	Iran
2016	RHI (DOLOMITE)		Automation for Mixing line	Italy
2017	PETRA STEEL	Rolling mill plant for bars	Engineering, mechanical and electrical equipment for bar mill upgrade	Jordan
2017	PEOPLE STEEL	Plate Mill	Electrical equipment with automation and SVG for plate mill	Pakistan
2017	UIS	Wire rod Mill	Mechanical and electrical equipment for wide rod high speed entry area	Morocco
2017	SIRJAN JAHAN FOOLAD	Bar Mill	Mechanical, Electrical equipment and Automation for rolling mill plant 100ton per hour	Iran
2017	ARAB IRON	Revamping	Revamping of electrical equipment for rolling mill	Jordan
2017	SRM- WEST DALA	Recycling furnace	Pulping machine and furnace supply and regulation	Kazakhstan
2017	MARCEGAGLIA S.GIORGIO		Engineering, electrical equipment and automation for plate plant	Italy
2017	GEMCO CONTROL		Control and Automation for Rebar Mill	India
2017	SIRJAN JAHAN STEEL	Bar Mill	Pusher Type Reheating Furnace 100TPH revamping high efficiency Furnace Automation	Iran
2017	STEEL ASIA MANUFAC.		Electrical and Mechanical Equipment of start stop shear and Pinch Roll	Philippines
2017	DON METALL LLC		Engineering and supply of new bar mill using new and existing machines Supply Reheating Furnace 60TPH	Russia
2017	UIS	Barmill and Wire rod Mill	Engineering, Electrical, Mechanical equipment and WTP to upgrade the plant	Morocco
2018	COMSIDER		Revamping Electrical equipment and automation for rolling mill 75 TPH	Egypt
2018	DANIELI	Rolling mill 1	Electrical equipment for water treatment	Vietnam
2018	DANIELI	Rolling mill 2	Electrical equipment for water treatment	Vietnam

YEAR	CUSTOMER	PROCESS	SUPPLY	COUNTRY
2018	MUGHAL STEEL		45 TPH Reheating furnace upgrade	Pakistan
2018	ARABIAN STEEL INDUSTRIES		Electrical power distribution and automation	Egypt
2018	ARABIAN STEEL INDUSTRIES		80 TPH Reheating furnace automation	Egypt
2018	FUJI GEMCO		Control and Automation for Rebar Mill	India
2018	PETRA STEEL		Electrical equipment for rolling mill	Jordan
2018	AL-ITTEFAQ	Bar mill	Electrical revamping	Saudi Arabia
