## AMB ROLLING MILL SOLUTIONS

### 1877

AMB started the business in rolling mill solutions in 1877. Our expertise in rolling mill solutions has been built on a long history of innovation and a commitment to quality and service.

### 2000

AMB expanded its expertise in rolling mill solutions to include the design and construction of rolling mill systems. Our expertise in rolling mill solutions has been built on a long history of innovation and a commitment to quality and service.

### 2011

AMB entered the field of rolling mill solutions in 2011. Our expertise in rolling mill solutions has been built on a long history of innovation and a commitment to quality and service.

### Today

Today, we offer a wide range of rolling mill solutions, including the design and construction of rolling mill systems. Our expertise in rolling mill solutions has been built on a long history of innovation and a commitment to quality and service.

Complete Rolling Mill  
plant up to 3,000,000
